

December 2018

Presidents Message

By: John Quam

What a year, and how did it go by so fast? Our members should be very proud of the improvements they have accomplished during this past year.

Our restroom facilities, in desperate need of repair, were completely repaired and remodeled. Complete sewer replacement of the restrooms and a very tasteful remodel have been very well received by our membership.

The revamping of the women's locker room to better accommodate our members and guests has been a great success and has been very well received. In addition, it has been a great selling point to attract new wedding business.

A new coat room, badly needed to accommodate both members and guests, has been added and is already getting great use in this early winter season. The carpet in our founders' room and hallways has been replaced and enhances the entry way of the club.

The addition of "Rays Clock" that stands as a sentinel near the front of the club and keeps our members on time, just as Ray did for so many years, has been installed by the generosity of our club members.

A prominent change to our club golfing events was the addition of adding both Women and Men to the week-end Club Championship. Although, there were few women who participated in the weekend event, we look forward to more women participating in years to come. Congratulations to Ashley Stolen and Matt Ellingson our Club Champions for 2018.

All of these improvements could not have been accomplished without the cooperation of our membership. Many of our members gave much of their time to bring these projects to their successful completion. To all of you, thank you very much in making 2018 a year we will remember, even though it went by so very fast.
